Experiment 1: Flight Reservation System

Aim

To create a simple cloud-based Flight Reservation System using a cloud service provider to demonstrate Software as a Service (SaaS).

Algorithm

1. Open Zoho Creator and create a new application.

2. Create a form named Flight Reservation System.

3. Add fields such as Passenger Name, From, To, Departure Date, Trip Type, Travelers, Travel Class, Fare Type, and Flight Type.

4. Set Trip Type as One Way or Round Trip.

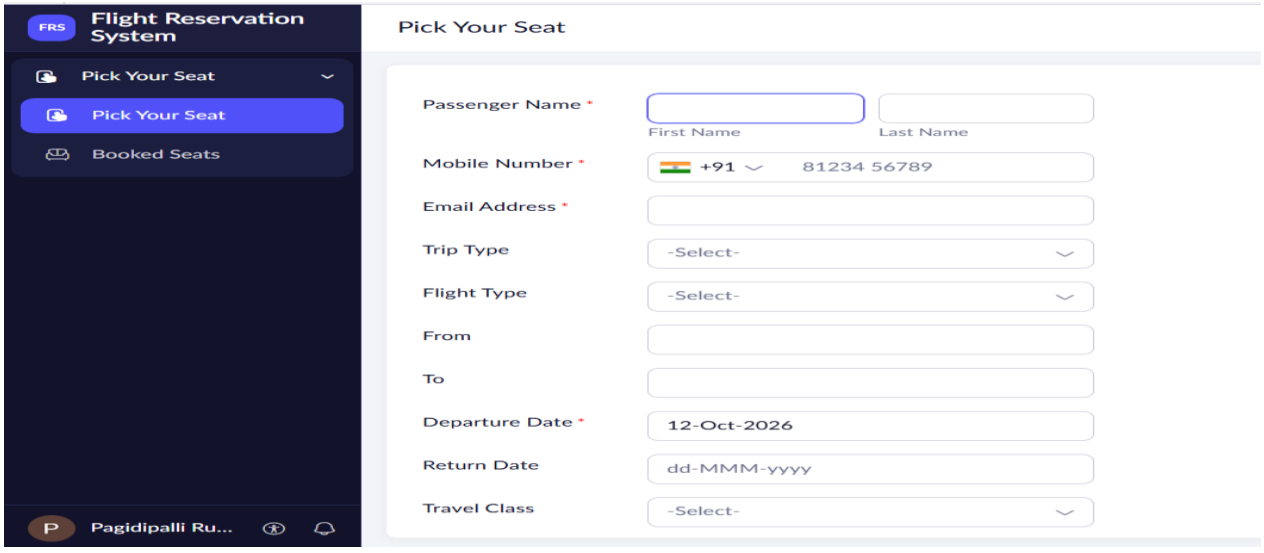

5. Set Flight Type as Domestic or International.

6. Save the form and publish the application.

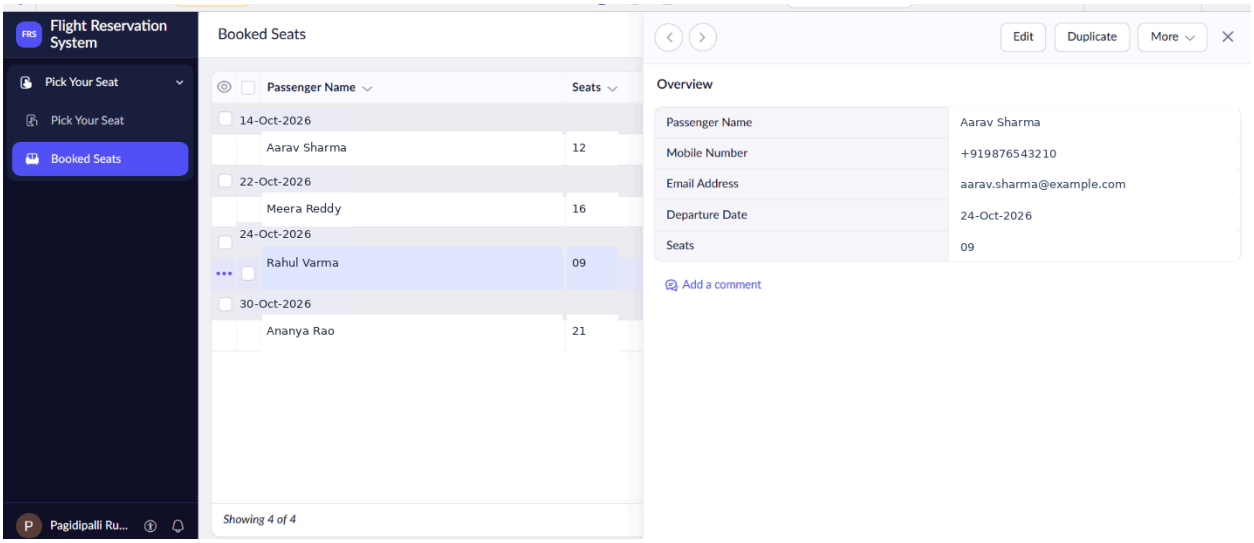

7. Enter flight reservation details and view the submitted records.

Implementation

Input

Output

Result

Thus, a cloud-based Flight Reservation System was created successfully using Zoho Creator to demonstrate SaaS.
